To Whom It May Concern:

Keith Moore has been the Karate teacher at Creative Environment Day School and its summer program, Kiddie Kamp, for a year and has been rehired for the current summer.

Keith is creative and caring in his presentation of skills in a way that engages the children in his classes, age 6 through 13. His technical expertise is excellent, as are his classroom management skills and his concern for the safety of the children. We have seen excellent results in his classes.

I unhesitatingly recommend Keith Moore as an outstanding teacher of Karate for young children.

Sincerely,

Sheila C. Brittain, Director
