Subject: Letter of recommendation for Sensei Keith Moore

To Whom It May Concern:

My name is Daniel Kuhns and I have studied Karate under Sensei Moore for 7 years and have known Sensei Moore for 10 years.

During that time, I have witnessed first hand the positive results that can be accomplished by a person with a passion for Karate and a natural ability for instruction. Sensei Moore's dojo establishes and maintains a tradition of discipline and respect for rank of students and instructors while encouraging growth and learning.

Many of Sensei Moore's students are children and teenagers looking for structure and a way to earn respect from parents and peers. Students quickly gain confidence from the experiences of learning from Sensei Moore, senior students, and the responsibility to assist students of lower rank. These experiences help, not only in the dojo but also in the classroom at school and with personal interactions at home.

Sensei Moore's philosophy towards life is a carry over from the dojo and the beliefs of Karate. He has not only taught the techniques of martial arts, but has shown a willingness to sacrifice personally for the benefit of the dojo.

I believe that Sensei Moore will be a great asset to wherever he chooses to instruct martial arts.

Thank you,

Daniel H. Kuhns
