June 11, 1998

To Whom It May Concern,

Keith Moore recently provided instruction in Karate for our after-school enrichment program held at Rockwell School.

Mr. Moore presented very professional, age-appropriate instruction to our children. During my own observation of his classes, I saw his obvious interest in children and ability to communicate concepts well. Evaluations done by parents and students were extremely positive.

We look forward to involving Mr. Moore in future enrichment series held at our school.

Sincerely,

Betsy Edinger
