Palm Springs, FL 33461

Mr. Moore was our after school Karate Instructor from December 2004 through May 2005. Mr. Moore was a great asset to our program, giving the kids self-confidence and discipline.

The children in his class showed an increased level of respect towards their peers and their elders. Mr Moore truly cares about his students when it comes to homework and respect of parents and teachers.

Mr. Moore proved to have a wealth of knowledge when talking about his style of Karate and the history of its beginnings. His way of teaching was serious but with humor to make the class fun for the kids.

Any program for kids or adults would only benefit from his expertise in Martial Arts.

Sincerely,

Michelle Reyes
SACC Director
